In Memory of Eula J and Mary, R chil-dren of Mrs. Mary A, Knight. 'Tis hard to wound a mother's heart, By rendering ties which therein dwell, But harder still that she should part,

From those on earth she leved so well But they are gone where all is peace Where pain no more can reach their breast In this world of care and pain, Thou dost now with joy receive then

Chothed in robes of spotless white, Now they dwell with Thoe in light; But God who rules above and below, decrees

a better way, And took them to Himself, 'ere sin might lead their steps astray. God's ways are best; He is good, And He's just and wise and true, So mind your sorrow's, trust in sin, And He will comfort you. B. W. C.

From the New York Tribune. A want Supplied.

The American mind is active. It has

given us books of fiction for the sentimentalist, learned books for the scholar and professional student, but few books for the THE PEOPLE'S COMMON SENSE MEDICAL ADVISER,' a copy of which has been recently laid on our table. The high professional attainments of its author-Dr. R. V. PIERCE of Buffalo, N. Y ., - and the advantages derived by him from an extensive practice would alone insure for his work a cordial reception. But these are not the merits for well appreciate what is said of him. A stion gradually dawned on him, all other which it claims our attention. The Author is a man of the people. He sympathizes with them in all their afflictions, efforts, and ing and experience he has produced a work cotton at home at a price that will nett them in which he gives them the benefits of his as much as if shipped to and sold in any mar-labors. In it he considers man in every ket in the United States. phase of his existance, from the moment he emerges 'from a rayless atom, too diminutive for the sight, until he gradually evolves to the maturity of these Conscious Powers, the exercise of which furnishes subjective evidence of our immortality.' Proceeding upon the theory that every fact of mind has a physical antecedent, he has given an admirable treatise on Cerebral Physiology, and shown the bearings of the facts thus established upon individual and social wel, fare. The Author believes with Spencerthat 'as vigorous health and its accompanyand ludicriously whimsical than when we ingeigh spirits are larger elements of happiness than any other things whatever, the teaching how to maintain them is a teaching that yields to no other whatever,' and accordingly has introduced an extensive discussion of the methods by which we may shocking tragedy at our very doors. There preserve the integrity of toe system and oftimes prevent the onset of disease. Domestic Remedies-their preparation, uses, and Sowing Wheat.
